Mr. Theodore P. Nixon

STAT

[Redacted]
Dear Mr. Nixon:

Allen W. Dulles, Director of Central Intelligence, asked me to thank you for your letter of 7 December 1960.

As you may know, some of the questions you ask concern policy and, therefore, your inquiry might more properly be addressed to the Department of State. The Central Intelligence Agency supplies data to the Department of State, Defense Department, National Security Council and other Government establishments that may assist them in formulating policy, but CIA does not make policy.

I am enclosing some unclassified data on the CIA which may be of interest. For information as to how a citizen may fight communism you may care to address such an inquiry to:

Dr. Frank R. Barnett,
Director of Research
Richardson Foundation
122 East 42nd Street
New York 17, New York

Thank you for your very interesting letter.

Sincerely,

/s/
Stanley J. Grogan
